Important Information

About the Policy

This policy is a legal contract between the **insured** and the **Insurer**. The policy is made up of this policy wording, the **schedule**, and any endorsements; they should all be read together.

Please read this policy wording together with any endorsements and the **schedule** very carefully. If anything is not correct or the **insured** needs to change anything, the **insured** should ask their insurance intermediary to tell the **Insurer**. If a prospective **insured** does not understand any part of this notice, it should obtain independent advice.

In this Section: About the Policy, "**we**", "**our**" and "**us**" means the **Insurer** (and 360 Commercial Limited on their behalf to administer this insurance).

"**You**" and "**your**" means the person(s) or entity named in the **schedule** as '**Insured**' including any new entity or subsidiary companies or subsidiaries thereof or any controlled or managed entity now or hereafter formed or acquired. **We** may also use the word '**Insured**' to describe **you**.

Duty of Disclosure

The insureds duty of disclosure

Before entering into a contract of insurance with the **Insurer**, each prospective **insured** has a duty to disclose to the **Insurer** information that is material to the **Insurer's** decision whether to accept the insurance and, if so, on what terms. This includes material information about the **insured**, any other people and all property and risks **insured** under the policy. Information may be material whether or not a specific question is asked.

There is the same duty to disclose material information to the **Insurer** before renewal, extension, variation or **reinstatement** of a contract of insurance with the **Insurer**. The **insured** should also provide all material information when they make a claim or if circumstances change during the term of the contract of insurance.

It is important that each prospective **insured** understands all information provided in support of the application for insurance and that it is correct, as each prospective **insured** will be bound by the answers and by the information it has provided.

The duty of disclosure continues after the application for insurance has been completed up until the time the contract of insurance is entered into.

Consequences of non-disclosure

If an **insured** fails to comply with its duty of disclosure, the **Insurer** may be entitled, without prejudice to its other rights, to reduce its liability under the contract in respect of a claim or refuse to pay the entire claim. The **Insurer** may also have the right to avoid the contract from its beginning. This means the contract will be treated as if it never existed and no claims will be payable.

Fair Insurance Code

The **Insurer** is a member of the Insurance Council of New Zealand (**ICNZ**) and a signatory to ICNZ's Fair Insurance Code (**the Code**). The Code and information about the Code is available at www.icnz.org.nz and on request.

Financial Strength Rating

At the time of print, Lloyd's has an AA- financial strength rating given by S&P Global Ratings.

The rating scale is:

AAA Extremely Strong	AA Very Strong	A Strong
BBB Good	BB Marginal	B Weak
CCC Very Weak	CC Extremely Weak	
SD or D Selective Default or Default	R Regulatory Action	NR Not Rated

The rating from 'AAA' to 'CC' may be modified by the addition of a plus (+) or minus (-) sign to show relative standings within the major rating categories. A full description of the rating scale is available on the S & P Global Ratings www.spglobal.com.

The **Insurer's** rating is reviewed annually and may change from time to time, so please refer to the **Insurer's** website for the latest financial strength rating.

The **Insurer** will pay the reasonable cost to repair, replace or reinstate **insured property** based on current industry accepted building materials and construction methods.

Circumstances Where Reinstatement Does Not Apply

'Basis of Settlement 2. Indemnity' will apply in the following circumstances; regardless of the basis of settlement shown in the **schedule**.

1. if the **insured** elects not to **reinstatement** the **insured property**; or
2. if the work of **reinstatement** is not commenced and carried out with reasonable dispatch; or
3. until the cost of **reinstatement** has been actually incurred; or
4. where **buildings** or other property is **damaged**, but not **destroyed**, and the repair of the damage is not permissible by reason of any **regulations**, or by reason of the **undamaged** portion of the property; or
5. **buildings** or other property awaiting demolition.

Compliance with Regulations

The **Insurer** will pay the costs incurred which are necessary to comply with any **regulations**; except costs:

1. to the extent to which the work had already been required of the **insured** by notice served prior to the happening of the loss or damage; or
2. in respect of **undamaged** property or **undamaged** portions of property. This will apply whether or not the **undamaged** property or portion comprises a separate **building** or structure or a separate item of **contents**; or
3. incurred solely for the purpose of seismically strengthening the **insured property** to a level greater than its level at the time of loss or damage; or
4. in respect of upgrading refrigeration plant the additional cost of altering or modifying any part of any refrigeration or air conditioning plant to enable the plant to operate with a more ozone friendly refrigerant.

Site of Reinstatement

Where **insured property** is **destroyed**, the work of **reinstatement** must be carried out on the same **site**; provided that the work may be carried out upon another **site**.

1. where **reinstatement** on the same **site** is not permissible by reason of any **regulations**; or
2. where **reinstatement** on the same **site** is not suitable to the **insured's** reasonable requirements, in which case, and with the consent of the **Insurer** (which will not be unreasonably withheld), **reinstatement** may be carried out on any alternative **site**.

In any case where **reinstatement** is carried out on any alternative **site** then the **Insurer** will not pay more than what would have been the cost of rebuilding on the original **site**.

2. Indemnity

This clause only applies to those items of **buildings, contents** and other property where it is not **insured** for **reinstatement**.

In such cases the **Insurer** will pay as soon as the indemnity value has been established by the **insured** by providing sufficient evidence to the **Insurer's** sole satisfaction:

1. if **insured property** is physically lost or physically **destroyed**, pay the **insured** only the cost to replace the **insured property** with property of a similar condition, age and specification as it was in immediately prior to the loss or damage; or
2. if the **insured property** is physically damaged, pay the **insured** only the cost to repair the **insured property** to a condition that it was in immediately prior to the loss or damage, or pay the indemnity value of the damaged part of the **insured property**.

The **Insurer** will pay the reasonable cost to repair, replace or reinstate **insured property** based on current industry accepted **building** materials and construction methods.

3. Special property

The basis of settlement for the following types of **insured property** will apply regardless of the basis of settlement shown in the **schedule**.

1. Software

The reasonable cost of restoring, re-setting or re-programming the **software** that is necessary to operate any electronic equipment or machine insured under this policy.

2. Work of Art

Where a claim is payable for loss or damage to **insured property** comprising a **work of art**, the **Insurer** may appoint an independent and suitably qualified valuer or restorer to determine if the **work of art** can be restored to its pre-damaged condition.

If the valuer or restorer determines that the **work of art** cannot be economically restored to its pre-damaged condition, then it will be deemed **destroyed**. Its pre-damage value will be determined by the valuer, or, providing the restorer is suitably qualified, by the restorer. The amount payable as indemnity will be the difference between the pre-damage value and any salvage value of the damaged **work of art**.

If the **work of art** can be economically restored to its pre-damaged condition, the amount payable will be the cost of restoration or, if the restoration is not carried out, the restorer's reasonable estimate of the cost of restoration.

Where any lost or damaged **work of art** is an item forming part of a pair or set of items, and the lost or damaged item cannot be economically restored to its pre-damaged condition, the item will be deemed totally lost or **destroyed**. The amount payable as indemnity will be such proportion of the pre-damaged value of the pair or set as the item bears to the set of items.

Provided the **work of art** has been satisfactorily restored following damage, this insurance does not cover any reduction in value due solely to the fact of the **work of art** having been damaged and restored. The onus of proving that any restoration work is unsatisfactory rests with the **insured**.

3. Machinery Breakdown Optional Extension

- I. the indemnity value of the materials; or
- II. the cost to repair the materials, as near as reasonably possible, to the condition they were in immediately prior to the loss.

The indemnity value of the materials will be depreciated over the lifetime of the product based upon the manufacturer's UV rating.

4. Stock

1. For raw materials, supplies and other merchandise not manufactured by the **insured**, the basis of settlement is the replacement cost at the time and the place of replacement or, if such property is not replaced, the market value at the time and place of the damage.
2. For material in process of manufacture, the basis of settlement is the replacement cost of the raw materials and the cost of labour and other overhead charges expended on them at the time and the place of the damage.
3. For finished goods, the basis of settlement is the replacement cost of the raw materials and the cost of labour and other overhead charges expended on them before any allowance for profit, or the cost of re-stocking the goods, whichever is the lesser.

The **insured** will provide the **Insurer** with a declaration of the actual value of the **stock** the **insured business** held on the last business day of each month for the **period of insurance**. This declaration must be made available to the **Insurer** within six weeks after the end date of the **period of insurance**.
2. If a monthly declaration exceeds the **sum insured** on **stock** then the **sum insured** will be used in place of the actual declaration for that month;

The **Insurer** will refund to the **insured** the amount by which the provisional deposit premium paid exceeds the actual premium payable as calculated above. Alternatively, the **insured** will pay to the **Insurer** the amount by which the provisional premium paid falls short of the actual premium calculated.

5. If, in any **period of insurance**, the **insured** fails to furnish the declarations required in terms of this Extension, the required premium payable will be calculated on the full **sum insured** and the **insured** must pay to the **Insurer** the amount by which the provisional premium falls short of that premium.

- ii. during the remaining portion of the **indemnity period**, the sum produced by applying the **rate of payroll** to the **shortage in turnover** during the remaining portion of the **indemnity period** less any saving during such period through reduction in consequence of the **damage** in the amount of **payroll** paid, but not exceeding

the sum produced by applying the remainder percentage of the **rate of payroll** to the **shortage in turnover** during the said remaining portion of the **indemnity period** increased by such amount as is **deductible** for savings under the terms of clause **a. i.**;

Standard Extensions

The Standard Extensions below are subject to the terms of the policy, except to the extent they are varied by each Standard Extension.

Unless expressly stated otherwise, any amounts payable under these Standard Extensions are included within **sum insured**. They are not additional.

1. Accumulated stocks

Where the **indemnity period** is 12 months or more then in adjusting any claim, account shall be taken, and an equitable allowance made, if during the **indemnity period turnover** is temporarily maintained from accumulated **stocks** held by the **insured**, thus causing a shortage of **stock**, with a resultant loss of **turnover**, after the **indemnity period** has expired.

2. Alternative index

In the event of a claim under this policy adjustments may be based on **turnover** or output or whatever other index of **business** activity affords the most equitable result, and, except in the definition of **turnover**, the word **turnover** wherever used in this **policy** shall be read as "**turnover** or Alternative Index".

3. Contractual commitments

This policy insures the amount the **insured** is legally liable to pay under contracts for purchases unavoidably not used as a result of the **damage** during the **indemnity period**, less any sums received or receivable by the **insured** in respect of such purchases through any salvage handling operations or resale.

4. Departments

If the **business** be conducted in departments, the independent trading results of which are ascertainable, the provisions of the policy shall apply separately to each department affected by the **damage**.

5. New business

For the purpose only of any claim arising from **damage** occurring before the completion of the first year's trading of the **insured's business** at the **premises** the definitions of **rate of insured profit**, **rate of payroll**, **standard revenue**, **standard rent** and **standard turnover** shall have the following meanings and not as stated in the *Definitions* section of this policy.

Rate of insured profit

The **rate of insured profit** earned on the **turnover** during the period between the date of the commencement of the **business** and the date of the **damage** subject to any **standard adjustments**.

Rate of payroll

The **rate of payroll** to **turnover** during the period between the commencement of the **business** and the date of the **damage** subject to any **standard adjustments**.

6. Option to defer commencement of the indemnity period

The **insured** may elect to defer the start of the **indemnity period** after **insured damage** occurs on the following basis:

1. the **insured** must notify the **insurer** (in writing or by electronic means) within 90 days of the **insured damage** occurring of the **insured's** intention to defer the commencement of the **indemnity period**; and
2. the deferred **indemnity period** must start:
 - a. no later than the number of months specified in the **schedule** as the '**Indemnity Period**'; or
 - b. within 12 months of the date the **insured damage** occurred,

whichever is the earlier, otherwise this option to defer expires; and
3. the **indemnity period** cannot be deferred if the **Insurer** has already paid a claim under any 'Insured Item' of this Business Interruption policy (other than for *Rewriting of records*, or *Claims preparation costs* in respect of *Section A Material Damage*) resulting from that **insured damage**.

When the **insured** does elect to defer commencement of the **indemnity period** as described above, then the **insured** must notify the **Insurer** (in writing or by electronic means) of the actual date on which the **insured** elects the **indemnity period** to start as soon as possible, but no later than 30 days after that actual date.

7. Premium adjustment

If the **insured** declares within 3 months after the expiry of the **period of insurance** that the **insured profit** or **revenue**, earned during the twelve month accounting period most closely concurrent with the **period of insurance** as certified by the **insured's** auditors, was less than the **sum insured** then a pro rata return premium of not more than 75% of the original calculated premium can be made.

8. Reduced margin

In the event of a claim under this policy where **turnover** is maintained at a reduced **rate of insured profit**, an equitable allowance shall be made for the loss of **insured profit** resulting from an increase in the ratio of **stock** usage or purchases (adjusted for **stock** variation) to **turnover**. No allowance shall be made for an increase in the ratio of any other expense not covered to **turnover**.

9. Salvage sale

In the event of a claim under this policy the **insured** shall hold a salvage sale during the **indemnity period**:

1. Clause *a.* of Insured Item 1 *Insured Profit* shall for the purpose of such a claim read as follows:

in respect of reduction in **turnover**, the sum produced by applying the **rate of insured profit** to the amount by which the **turnover** during the **indemnity period** (less the **turnover** for the period of the salvage sale) shall, in consequence of the **damage**, fall short of the **standard turnover**, from which shall be deducted the **insured profit** actually earned during the period of the salvage sale;
2. The definition of **shortage in turnover** shall, for the purpose of such claim, read as follows: **shortage in turnover** – the amount by which the **turnover** during a period (less the **turnover** for the period of the salvage sale), shall in consequence of the **damage**, fall short of the part of the **standard turnover** which relates to that period, from which shall be deducted the **payroll** or **wages** paid during the period of the salvage sale.

10. Turnover elsewhere

If during the **indemnity period** goods shall be sold or services shall be rendered elsewhere than at the **premises** for the benefit of the **business** either by the **insured** or by others on behalf of the **insured**, the **money** paid or payable in respect of such sales or services shall be brought into account in arriving at the **turnover** during the **indemnity period**.

16. Several liability
